

Creating safer, smarter, and more sustainable workplaces

METS Tech Talk: Leveraging People & Technology

2 March 2021

Leveraging People & Incident Data to improve Corporate Visibility, Safety, and Reduce Risk

- Introducing INX +BI
- Example dashboards
- Unlocking further value from INX data

+BI as part of the INX product suite

+BI key features

Out of the box analytical content

Self-serve reporting and visualisations

On-premise or cloud hosted

Dedicated data warehouse

Create story boards

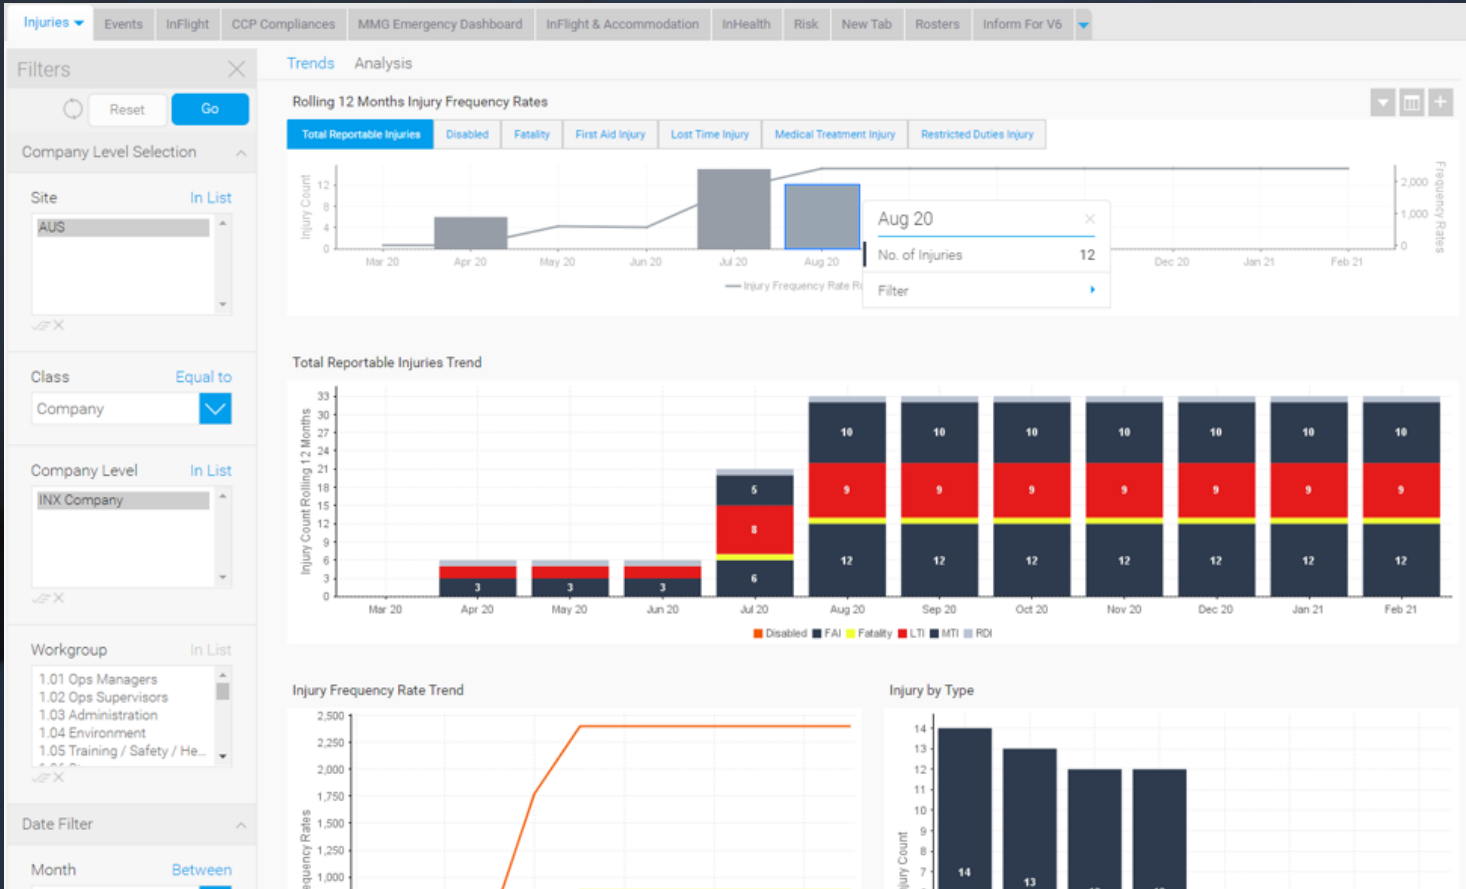

Includes atomic data for drill down

50+ visualisation types

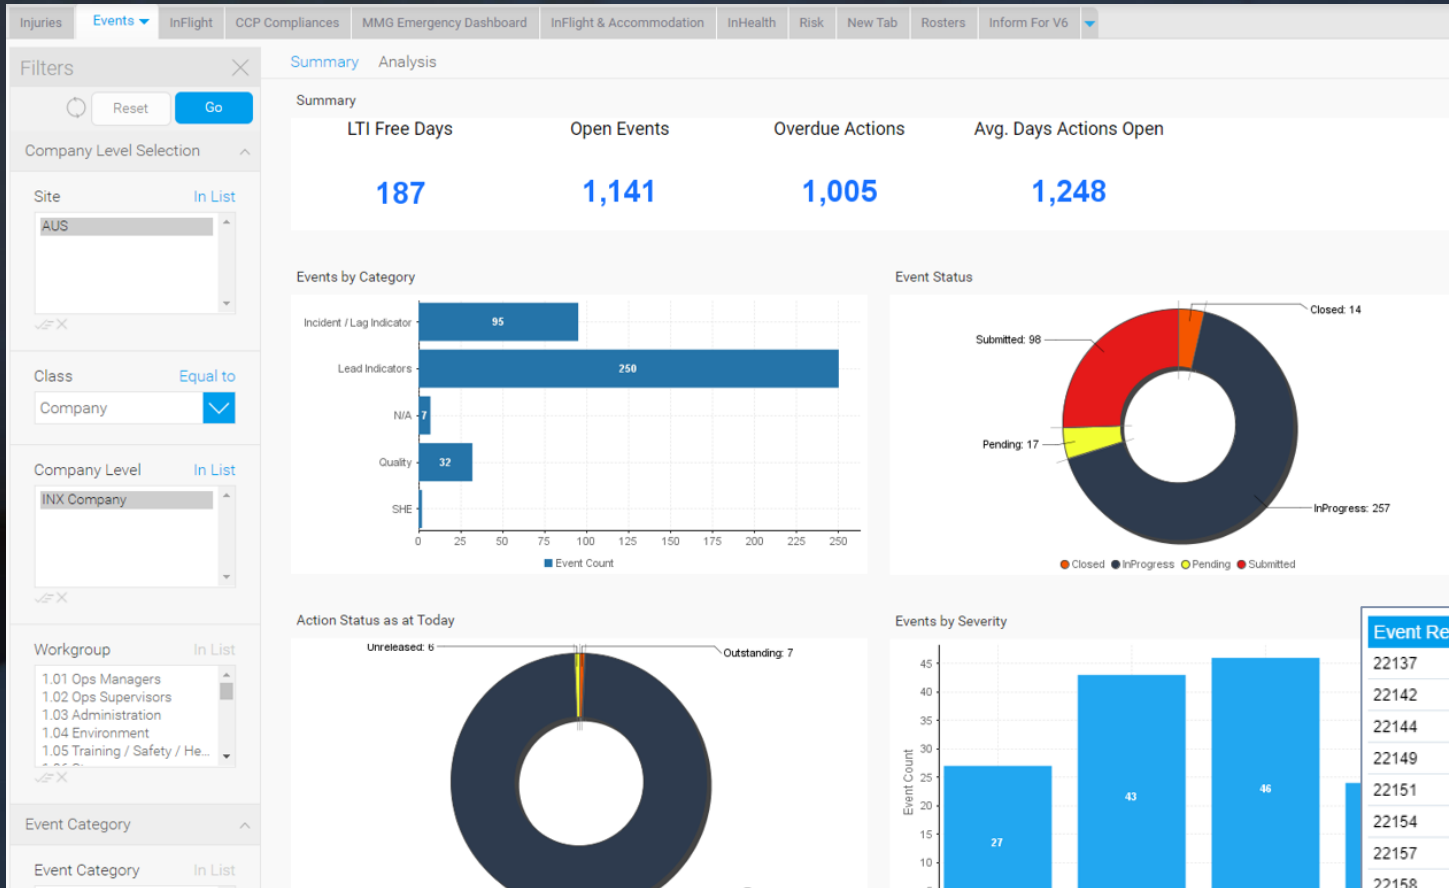

Quickly identify trends

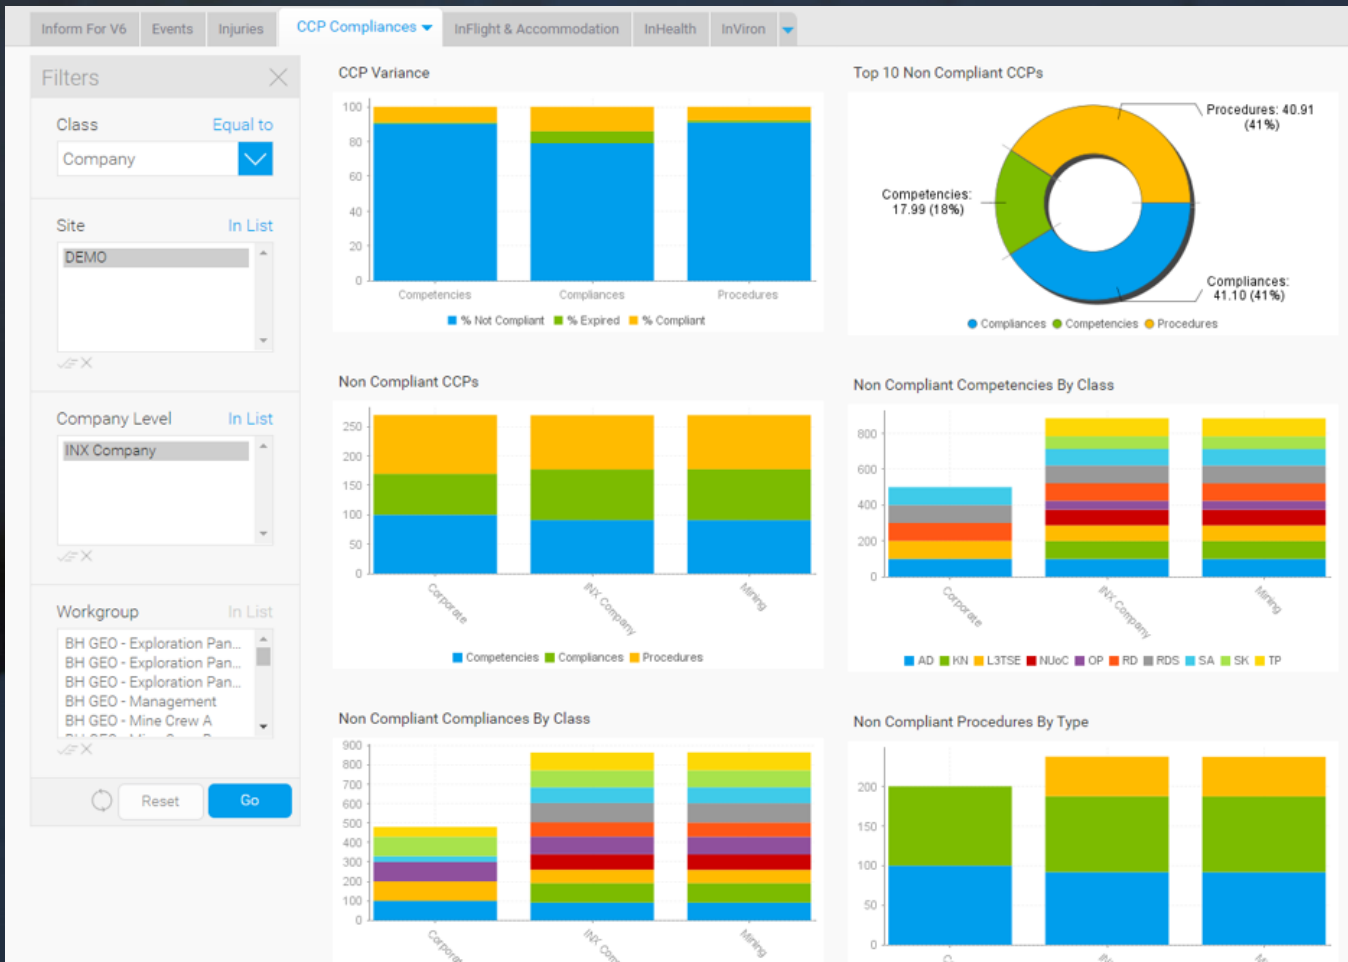

Injuries Dashboard

Events Dashboard
